WORK EXPERIENCE

Front-End Developer PathFinder

03/2021 - Present

San Jose, CA

Achievements/Tasks

- Worked in a team of 10 (and growing!) in an agile/scrum setting to build a full stack web app product
- Collaborated with UI/UX team to rapid prototype/wireframe front-end based on user feedback
- Implemented front-end with React.js, D3, Node.js, chart.js
- Took figma designs and brought them to life
- Check it out! pathfinder.fyi

Program Manager Supermicro

10/2018 - 05/2020

San Jose, CA

Achievements/Tasks

- Worked with Sales, Production, PM, Buyer, and Warehouse teams to ensure customer demands and urgent requests were fulfilled.
- Responsible for all FRUs: ensuring material readiness, production planning, issuing MOs, delivery, and greatly reducing lead times.

React Router

Git

Web Responsiveness

TypeScript

Jest

PERSONAL PROJECTS

Pokedex

- Includes React.js, React Router, TypeScript, Axios, and pagination.
- Pokedex grabs Pokemon information from an API, and lists all of them in posts. On click, the Pokemon's details is displayed as well as an option to capture the Pokemon.
- Captured Pokemons are displayed in another page, and their custom information is stored in local storage.

Review Everything

- Built with React.js and React-Router, Review Everything takes a list of reviews and transforms them into custom posts.
- When a post is clicked, the user is directed to a page where they can respond to posts. Any comments left will be saved and can be edited.

Wordle [↗](#)

- The game Wordle has become a global phenomenon, but has plenty of problems ranging from word curation to difficulty scaling.
- This wordle clone is made with vanilla JavaScript, HTML, and CSS.
- Playable version: <https://www.taujeng.com/wordle/index.html>

Data Dashboard

- Made with React.js, this dashboard visualizes data with a pie chart and a table that can be filtered/sorted.
- The visualizations are fully responsive, and any changes to the data will be reflected.

Personal Site v2 [↗](#)

- Designed and built from scratch.
- Simple, responsive website.
